

# KNOW MORE. ACHIEVE MORE.

Technical Services of the Allianz Center for Technology (AZT)

JUNE 2018

## MORE THAN 80 YEARS OF EXPERIENCE – AT YOUR SERVICE.

**AZT is the Allianz Group's center of competence for objective and interdisciplinary assessment and consulting for complex risks and damages in industry and power plants. Our expertise is built on more than 80 years of analysis and research.**

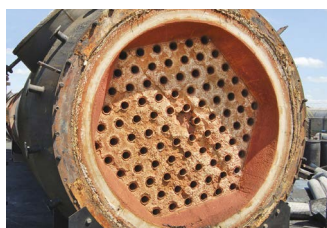

- AZT provides technical support for clients, risk engineers and loss adjusters, worldwide.
- AZT services include in-depth failure analysis, development of failure prevention measures and analysis of construction and operational risks of industrial plants and machinery.
- AZT services are provided to clients of Allianz Global Corporate & Specialty (AGCS) on a fee basis via Allianz Risk Consulting GmbH, a division of AGCS.

Inspection of a 6 MW turbine

Ignition of a burst cable sealing end for a 110 kV transformer

Opening of an air preheater with refractory lining

Fracture surface analysis in the scanning electron microscope

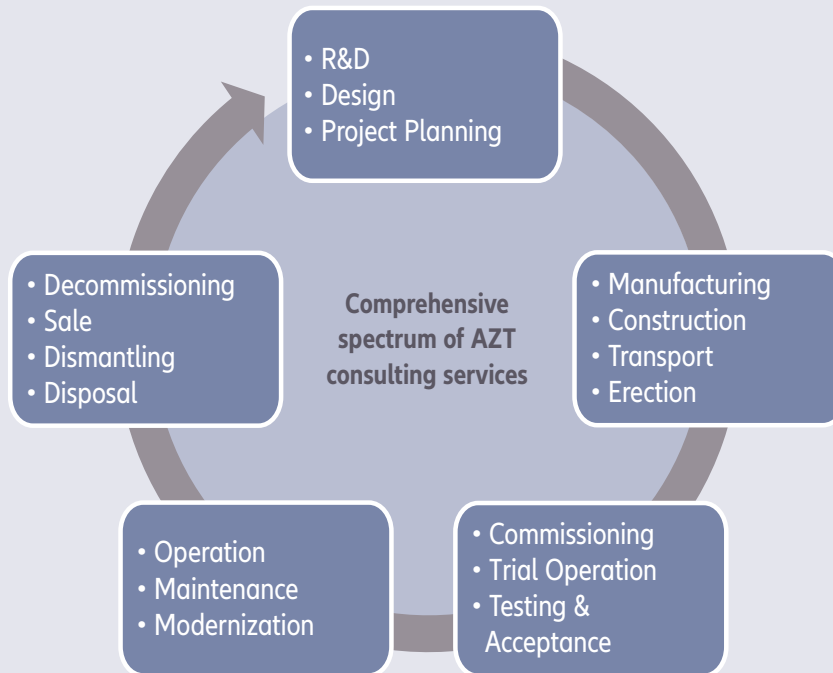

Broken rotor shaft of a cutting mill with roller bearing
